

The University of Washington is partnering with Chehalis and Hoquiam School Districts to provide a **three day summer camp** focusing on engineering and medical science. The camp will be held **August 16-18** from **9 a.m. - 3 p.m.** and is open to **ALL high school students** entering grades 9 thru 12. This one-of-a-kind camp offers **three days in Chehalis** at WF West in Chehalis.

Join us this summer and **learn from experts in the fields of both engineering and medicine** as they share some of the most cutting-edge technologies.

**AUGUST 16-18**  
**9 A.M. - 3 P.M.**

## SECTION I: UW ENGINEERING

Teams of students will **build core engineering skills** as they solve a problem and **utilize 3D printing** for a comprehensive experience.

## SECTION II: UW MEDICINE

Students will engage with industry leaders in population health to **explore data visualization tools** and emergency health care response. As part of a hands-on mock task force, students will investigate health concerns and give policy recommendations based on their findings.

CHEHALIS  
STEM

The cost for this extraordinary experience is **\$25**.  
There are **scholarships available**, if needed, when registering online.

THIS IS A **SUMMER STEM CAMP** YOU DON'T WANT TO MISS!
